AGENDA ITEMS

- 1. FY 2010-11 Capital Improvement Projects (Library Counter Retrofit and Civic Auditorium Security Measures)** – *Commissioners visited the project site at the Library and provided input on the most effective way to redesign the counter to provide ADA access. The Commission recommended the lowering and retrofit of the southwest corner on the counter. The commissioners then visited the project site at the City Council Chambers. Commissioner Rosales communicated concern over the proposed improvements, he was most concerned about the installation of a physical barrier (3 ft. wall). The Commissioner recommended we use temporary fixtures such as a stanchion instead of a small wall.*

ACTION

Received and noted.

Hearing no objections, the meeting was closed by Commissioner Prowse.
