#### AGENDA ITEMS

- 1. Azusa Transit Dial-A-Ride Services for Special Events** – *Commissioner Weir indicated other public transit providers were providing para-transit services to after-hour events. Israel Del Toro requested for Commissioner Weir the gauge the interest of local residents at the next meeting to determine if the demand warrants the dedicated after-hour trips. Israel is to return to the Commission with the City's policy for para-transit after hour trips.*
- 2. ADA Retrofit to U.S. Post Office in the City of Azusa** – *On various occasions the ABC Commission has requested an automatic door entrance to the local Azusa U.S. Postmaster, there has been no resolution to date. Israel will return at the following meeting with a letter drafted to Congresswomen Judy Chu, requesting her support with this issue, considering the facility is a federal building.*
