INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council
City of Azusa, California

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Azusa Public Financing Authority, (the Authority) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Honorable Mayor and Members of the City Council
City of Azusa, California

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Authority, as of June 30, 2014, and, the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2015, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Authority's internal control over financial reporting and compliance.

AZUSA PUBLIC FINANCING AUTHORITY

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
JUNE 30, 2014**

Net change in fund balances - total governmental funds \$ 708,396

Amounts reported for governmental activities in the statement of activities are different because:

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 575,000

Unamortized premium or discount on bonds issued are revenue or expenditures in governmental funds, but these are spread to future period over the life of the new bonds on the statement of net position. 110,120

Contracts and notes receivable are recorded as expenditure when initiated, while repayment is recorded as use of money and property on the statement of revenues, expenditures and changes in fund balance. On the governmental fund balance sheet, this payment is recorded as an adjustment to deferred revenue. On the statement of net position, the repayment reduces the contracts and notes receivable outstanding. (575,000)

Accrued interest for long-term liabilities. This is the net change in accrued interest for the current period. 10,194

Change in net position of governmental activities \$ 828,710

I. SIGNIFICANT ACCOUNTING POLICIES

Note 1: Summary of Significant Accounting Policies

a. Description of the Reporting Entity

The Azusa Public Financing Authority (Authority) is a joint powers agency created by a joint powers agreement between the City of Azusa and the Azusa Redevelopment Agency, dated January 2, 1990. It was created pursuant to Articles 1 through 4 of Chapter 5, Division 7, Title 1 of the Government Code of the State of California in accordance with the provisions of the Marks-Roos Local Bond Pooling Act of 1985. The purpose of the Authority is to provide loans to refinance certain debt previously issued by the City of Azusa and to finance certain capital improvement projects for the benefit of the City and the Agency. The Redevelopment Agency was dissolved as of January 31, 2012, through the Supreme Court decision on Assembly Bill 1X 26. See Note 6 for more information on the dissolution.

The Authority is an integral part of the reporting entity of the City of Azusa. The funds of the Authority have been included within the scope of the financial statements of the City because the City Council of the City of Azusa is the governing board and has responsibility over the operation of the Authority. Only the funds of the Authority are included herein; therefore, these financial statements do not purport to represent the financial position or results of operation of the City of Azusa, California.

b. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the Azusa Public Financing Authority.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Major individual governmental funds are reported as separate columns in the fund financial statements.

c. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

AZUSA PUBLIC FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 1: Summary of Significant Accounting Policies (Continued)

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, are recorded only when payment is due.

Amounts reported as program revenues include contributions of the participating agencies. Internally dedicated resources are reported as general revenues rather than as program revenues.

The Authority reports the following major governmental funds:

Governmental Funds

Debt Service Funds - Used to account for the payment of interest and principal on long-term obligations.

Certificates of Participation – 2003 Lease Revenue Refunding
2006 Water Revenue Bonds

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as they are needed.

d. Budgetary Reporting

Formal budgetary integration is not employed for the Authority because effective control is alternatively achieved through the various bond indenture provisions.

e. Reconciliation of Government-Wide and Fund Financial Statements

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position:

The governmental fund balance sheet includes reconciliation between fund balances of governmental funds and net position of governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities as well as the related unamortized bond discount and cost of issuance have not been included in the governmental funds." The details of the \$(58,703,803) difference are as follows:

Long-term debt:	
Certificates of Participation - 2003 Lease Revenue Refunding	\$ (2,540,000)
2006 Water Revenue Bonds	(53,315,000)
Unamortized bond premium	(2,862,390)
Unamortized bond discount	<u>13,587</u>
Net adjustment to reduce fund balance of total governmental funds to arrive at net assets of governmental activities	<u>\$ (58,703,803)</u>

AZUSA PUBLIC FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 1: Summary of Significant Accounting Policies (Continued)

f. New Accounting Principle

The Authority implemented GASB Statement 65, Items Previously Reported as Assets and Liabilities. GASB 65, among other things, amends prior guidance with respect to the treatment of debt issuance costs. Debt issuance costs should be recognized in the period incurred rather than reported on the statement of net position as deferred charges and recognized systematically over the life of the debt. The accounting changes of this statement should be applied retroactive and therefore the Authority has reported a restatement of beginning net position for any unamortized debt issuance costs (deferred charges) previously reported on the statement of net position to conform.

Note 2: Cash and Investments

As of June 30, 2014, the Authority reported cash and investment with fiscal agent of \$6,510,366.

The Authority's funds are pooled with the City of Azusa's cash and investments in order to generate optimum interest income, except for funds required to be held by fiscal agents under provisions of bond indentures. The City has implemented GASB Statement No. 40, *Deposit and Investment Risk Disclosures*. This pronouncement is an amendment to GASB Statement No. 3. GASB No. 40 modifies disclosure requirements related to deposit and investment risks. The information required by GASB Statement No. 40 related to authorized investments, credit risk, etc., is available in the annual report of the City.

Note 3: Contracts and Notes Receivable

Lease Agreement

The Authority entered into a lease agreement with the City of Azusa to lease certain facilities of the City. Title to these facilities will remain at all times with the City of Azusa. The Authority has used the leasehold rights that it acquired as lessee to lease the facilities back to the City. Amounts paid by the City to the Authority in return for the City's right to use and operate the property are equal in amount to the debt service requirements of the Authority for the \$4,825,000 2003 Lease Revenue Refunding Certificates of Participation. As of June 30, 2014, the outstanding lease receivable balance was \$2,540,000.

Installment Sale Agreement

Pursuant to an installment agreement dated December 13, 2006, the Authority agrees to provide for the acquisition of a Water Project in a manner approved by the City and to sell the project to the City. Under the terms of this agreement, the City is obligated to pay the purchase price from net revenue derived from the operation of the Water System in amounts equal to the Authority's annual debt service obligations on its \$54,570,000 2006 Water Revenue Bonds. As of June 30, 2014, the outstanding installment receivable from the City was \$53,315,000.

AZUSA PUBLIC FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 4: Long-Term Debt

A summary of changes in governmental activities long-term debt for the year ended June 30, 2014, was as follows:

	Balance July 1, 2013	Additions	Deletions	Balance June 30, 2014	Due Within One Year
2003 Lease Revenue Refunding	\$ 2,785,000	\$ -	\$ 245,000	\$ 2,540,000	\$ 255,000
2006 Water Revenue Bonds	53,645,000	-	330,000	53,315,000	1,045,000
	<u>\$ 56,430,000</u>	<u>\$ -</u>	<u>\$ 575,000</u>	55,855,000	<u>\$ 1,300,000</u>
			Unamortized bond premium	2,862,390	
			Unamortized bond discount	<u>(13,587)</u>	
				<u>\$ 58,703,803</u>	

Certificates of Participation – 2003 Lease Revenue Refunding

In August 2003, the City of Azusa issued \$4,825,000 of 2003 Lease Revenue Refunding Certificates of Participation to currently refund \$4,565,000 of outstanding 1994 Certificates of Participation, to provide for a reserve fund, and to pay for the costs of issuance of the Certificates.

The Certificates represent the interest in the lease payments to be made by the City to the Authority for the use and occupancy of the real property and improvement of the Azusa City Hall and construction of the Azusa Senior Center. The Certificates maturing from 2004 to 2020 are serial certificates payable in annual installments ranging from \$200,000 to \$845,000. Interest is payable semi-annually on each August 1 and February 1, commencing August 1, 2004, at rates ranging from 2.0% to 4.56% per annum. The outstanding principal balance as of June 30, 2014, was \$2,785,000. The annual requirements to amortize the outstanding Certificates of Participation as of June 30, 2014, are as follows:

	2003 Certificates of Participation	
	Principal	Interest
2014-2015	\$ 255,000	\$ 101,849
2015-2016	265,000	91,768
2016-2017	275,000	80,968
2017-2018	285,000	69,590
2018-2019	300,000	57,337
2019-2024	1,160,000	62,661
Total	<u>\$ 2,540,000</u>	<u>\$ 464,173</u>

2006 Water Revenue Bonds

On December 13, 2006, the Azusa Public Financing Authority, a component unit of the City of Azusa, issued \$54,850,000 of Parity Revenue Bonds, Series 2006 (2006 Water Revenue Bonds). The proceeds were used to finance certain improvements to the municipal water system of the City of Azusa. The Bonds are payable from pledged revenues comprised primarily of installment payments received by the Authority from the City. Serial bonds mature in annual installments beginning on July 1, 2009 through July 1, 2039, in amounts ranging from \$280,000 to \$3,560,000. Interest ranges from 4.000% to 5.000% and is payable semi-annually on July 1 and January 1.

AZUSA PUBLIC FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 4: Long-Term Debt (Continued)

Term bonds mature in various years beginning on July 1, 2019 through July 1, 2039, with amounts ranging from \$2,595,000 to \$13,230,000 and interest from 3.920% to 4.380%. The outstanding principal balance as of June 30, 2014, was \$53,315,000. The annual requirements to amortize the outstanding bonds as of June 30, 2014, including interest are as follows:

	2006 Water Revenue Bonds	
	Principal	Interest
2014-2015	\$ 1,045,000	\$ 2,604,663
2015-2016	1,090,000	2,555,738
2016-2017	1,145,000	2,504,313
2017-2018	1,200,000	2,445,688
