New safety regulations are in effect. **Wristbands will change on a 2 week basis**

Swim test guidelines: In order to gain access to deep water areas, a swimmer must obtain a wristband by completing one lap of freestyle across the shallow part of the large pool. No underwater swimming, or doggie paddle. Noticeable forward motion must be made at a normal rate, with no signs of distress or stopping.

Test is administered and assessed by a lifeguard.

ALL swimmers must retest and obtain a new color coordinated wristband in order to swim in deep water areas. THERE ARE NO EXCEPTIONS

Every person must wear wristband specific to the session that is currently in effect.

No other wristbands will be valid during time period that a specific color is in effect.

We reserve the right to withhold wristbands, remove wristbands and/or not pass swimmers, even if one has been given during pervious testing and wristband periods.
