6	Air Conditioner Tune-Up and Recharge	Up to \$25/Ton annual maximum				
7	Skylights/Light Tubes ENERGY STAR® rated (Limit 1 unit per room) Must have a solar heat gain coefficient (SHGC) of 0.60 or less and U-factor of 0.40 or less. Provide National Fenestration Rating Council (NFRC) label off each unit or the Manufacturer's order confirmation sheet.	Up to \$175/each				
8	Window Replacements ENERGY STAR® rated New construction does not qualify	\$1.00/Square Foot (SF)				

REBATE GRAND TOTAL: _____

Participant Agreement

The energy-efficient product(s) marked above have been installed at the Azusa location indicated. I have attached a copy of the itemized proof of purchase sales or paid invoice other required documentation. I understand that falsifying information may lead to my disqualification from this incentive program and that Azusa Light & Water will take appropriate actions to recover the rebate amount. Funding is limited and this program is subject to change or cancellation without prior notice. I have read and agree to these terms and to verification of installation by an Azusa Light & Water representative, or contracted third party, as necessary.

I further understand that all residential rebates **will be applied as a credit to my electric utility account** on or after the next billing cycle. Commercial/Industrial/Institutional rebates will be issued as a check.
